ACCORHG Process Document for CP CIA Cases

Objective:

This document outlines the process for handling CP (Continuous Processing) and CIA (Client Intervention Analysis) cases. It provides clear steps to ensure proper handling, logging, and communication for cases related to extraction/processing or decision upload issues over multiple days.

CP (Continuous Processing) Cases:

1. When to Log a CP Case:
- A CP case must be logged when the property experiences an extraction/processing issue for **consecutive 3 days**.
2. Case Assignment:
- Once case is logged, the task must be assigned to the **ACCOR Enterprise CP CIA queue**.
3. No Chatter Follow-ups:
- **No Chatter follow-ups** should be made on the CP case. All communication should occur through ongoing email.
4. Escalation:
- On the **3rd day** of logging the CP case, the **Accor Global Team** must be looped in the ongoing email thread for further intervention.

CIA (Client Intervention Analysis) Cases:

1. When to Log a CIA Case:

- A CIA case must be logged when the property experiences a **Decision upload issue** for **consecutive 3 days**.
2. **Case Assignment:**
- Similar to CP cases, the task under CIA case must be assigned to the **ACCOR Enterprise CP CIA queue**.
3. **No Chatter Follow-ups:**
- **No Chatter follow-ups** should be made on the CIA case. All communication should be done through ongoing email.
4. **Escalation:**
- On the **3rd day** of logging the CIA case, the **Accor Global Team** should be looped into the ongoing email thread for resolution.

Case Closure:

- When closing the ongoing email thread, ensure to **close both the CP and CIA cases**.
- Review the cases weekly to see if the issue is resolved.

Point of Contact for Doubts:

For any clarifications or doubts regarding the CP CIA case handling, please reach out to:

- Sagar Bansod
- Soibam
