CCFG Failure – IPCfgRuntimeParamOverrideForLDBStep

Hello Team,

You may encounter Commit Forecast Groups job which failed in IPCfgRuntimeParamOverrideForLDBStep step.

The error displayed could be:

javax.ejb.EJBTransactionRolledbackException: Index: 0, Size: 0 Cause :
java.lang.IndexOutOfBoundsException: Index: 0, Size: 0

If it fails with the above error,

- Please check if the property is LDB. [How to identify an LDB property?](#)
 - If yes, please continue the job.

Comments

VA 26th Dec 2017
Checked with Amit K - QA and as per, **such issues occurred during LDB configurations and its safe to continue such failures**

Currently property is updated.
=====

Dear QA team,

The property failed in the Commit Forecast Groups with the following error;

Client Name : Walt Disney World Co
Property Name : Disney's Explorer Lodge

Job Name : Commit Forecast Groups
Step Name : IPCfgRuntimeParamOverrideForLDBStep

Problem Description

java:.ejb.EJBTransactionRolledbackException: Index: 0, Size: 0 Cause : java.lang.IndexOutOfBoundsException: Index: 0, Size: 0

we have tried to resume the current failure however it failed is same step.

Could you please advise the solution to resolve the failure.

Regards,
Vishal Goyal
