CP Hilton Decision Upload : processCPDecisionAcknowledgementFileStep handling

Handling the exceptions and errors for CP decision upload:

Scenario 1 : Decision Ack processing failed the failureCount is “<count>”

Note this is applicable for regular monitoring and it is not restricted to the project only.

Example :

Job Name : Process CPDecision Ack
Step Name : processCPDecisionAcknowledgementFileStep

ERROR :
=====

Decision Ack processing failed the failureCount is 4
=====

Solution :
1) Open the job -> Execution steps -> processCPDecisionAcknowledgementFileStep
-> REQUEST -> CPAcknowledgementProcessingService.processAckFile -> Note the File name displayed there.

2) Go to CMA – > File Explorer – > G3 Data – > CRS Data – > incoming -> Hilton -> Search for the file noted already.

3) Open the file in Notepad++ – > Search the “Failed” in it.

4) Copy the failed records in another file. Save it.

5) Write an email to Hilton GRO inform the decision ACK processing failure copying ET team and Care like below :

6) Attach the file with failed records that you already saved.

Hello All,

This is to inform you that we have decision ack processing failure for the below property:

Property Code Property Name
AVLFC Hampton Inn & Suites Forest City, NC

Furthermore, 4 records out of 65 have failed. These records are failed to create the Rate period.

=====

Processed 65 records – Success = 61 and Failure = 4

=====

Please refer to the attached file for your reference.

Could you please review this and update us accordingly?
