D360 Task 5: CARE Task – Confirm D360 Data Received

- Files received from D360 can be monitored only on Prod 1 using job "NGI Demand 360 file processing"
- As part of the SFDC Case, you will find a file "IDEaS RMS_TravelClick D360 Information"
- In this doc look for the id associated with "Travel Click D360/Subscriber Owned Prop ID". This value would be like /. This may be available either in the case notes in SFDC or as an attachment in the internal attachments OR Google Docs & Attachments and a sample look like below

▼ Description Information	
Subject	G3 RMS D360 Configuration
Description	Loden Vancouver to integrate Demand 360 with IDEaS G3 RMS Reference ID: 04616771
	TravelClick D360 Subscription ID /Subscriber Owned Prop ID
	26814/357223
Description Updates	
Case Updates/Progress	

Description	
IDEaS Property Account ID	2472-0001
Subscribing Hotel Name	Loden Hotel Vancouver
Subscribing Hotel Address	1177 Melville Street Vancouver, British Columbia V6E 0A3 Canada
TravelClick D360 Subscription ID /Subscriber Owned Prop ID	126814/357223
Subscription expiry date	23/07/2018
First report due date	02/08/2017

1. The first number represents the number that you will find on the name of the file.
2. The second number represents the SubscriberID of the property that needs to be configured in G3.
4. Use the first number, Travel Click D360 ID, and locate D360 files Support->Installation->Property->Property Code (link)->Configure D360.

1. Enter the number in text box in TravelClick D360 ID.

2. Click on "Search"

3. If all the files are received it should look like below.

4. If some files are not received it should look like below.

1. In this case wait for the next Wednesday for additional files and restart above steps.
2. If files are not received next Wednesday as well, escalate to Project Manager.
3. List of expected files
