G2 and G3 RMS – Processing Disaster Recovery Plan

IDEaS G2 and G3 RMS – Processing Disaster Recovery Plan

An event could be termed as a disaster where the processing is impacted either partially (10% or more properties of the install base) or completely and manual intervention across teams is required to normalize the situation.

Once the above criteria are met with the situation, please follow below process:

The Shift Coordinator to notify the Tech Lead – CARE / Asst. Manager – CARE	
Standard Escalation Path to be followed – ? Escalation to TechOps for G2 ? Escalation to TechOps, Technology (SD/QA) for G3	
The Asst. Manager – CARE will inform the Manager – CARE and/or Director – Service Delivery by phone followed by an email depending upon the availability.	
Manager – CARE and/or Director – Service Delivery will take a decision to declare an issue as disaster.
