G3 Function Space Monitoring

Point 1 – Please monitor the Function Space Data Load Job for the properties and if the job is completed then we can conclude that we have received the Function Space data for that property and processing is also completed.

Point 2 – If you see the Function Space Data Load Job is not triggered, then we need to check if we have received data for Function Space?

To check this we have a rest call

<http://us2pngiap01.ideasprod.int:9090/ahwsSyncSessions/criteria?search=clientId=<CLIENTCODE>;propertyCode=<PROPERTYCODE>;createDate%3E<DATE>&size=100>

Give the correct input of CLIENT CODE, PROPERTY CODE and DATE.

For example – I am using CLIENT CODE- LOEW, PROPERTY CODE – 0020 and DATE – 2019-08-13 (use the current date here, I am looking for the data of 13th Aug 2019 so I've used 2019-08-13)

<http://us2pngiap01.ideasprod.int:9090/ahwsSyncSessions/criteria?search=clientId=LOEW;propertyCode=0020;createDate%3E2019-08-13&size=100>

Execute this query and you will get the below output.

```
us2pngiap01.ideasprod.int:9090/
us2pngiap01.ideasprod.int:9090/ahwsSyncSessions/criteria?search=clientCode==LOEW;propertyCode==002...
2019-08-13 1/3
{
  "_embedded": {
    "ahwsSyncSessions": [ {
      "createDate": "2019-08-13 06:53:18.639",
      "lastModifiedDate": "2019-08-13 06:53:18.639",
      "clientCode": "LOEW",
      "propertyCode": "0020",
      "notifications": [ ],
      "status": "SUCCESSFUL",
      "appHostId": "mn5pnlappv103",
      "links": {
        "self": {
          "href": "http://us2pngiap01.ideasprod.int:9090/ahwsSyncSessions/5d52a4ae87b4f2945c50aa82"
        },
        "ahwsSyncSession": {
          "href": "http://us2pngiap01.ideasprod.int:9090/ahwsSyncSessions/5d52a4ae87b4f2945c50aa82"
        }
      }
    } ]
  },
  "links": {
    "self": {
      "href": "http://us2pngiap01.ideasprod.int:9090/ahwsSyncSessions/criteria?search=clientCode%3D%3DLOEW;propertyCode%3D%3D0020;createDate%3E2019-08-13"
    }
  },
  "page": {
    "size": 100,
    "totalElements": 1,
    "totalPages": 1,
    "number": 0
  }
}
```

Once you get the output search for the current date, here you can see in the “notifications” part is blank we do not see any data here.

This means we there is no data of Function Space to be sent to IDeaS hence the Function Space Data Load Job was not triggered.

It is a nice article Akshay.

Is this the only scenario wherein the data load job won't trigger?
