AGILE RATES

AGILE RATES | **WHY AGILE RATES?**

- There was no way to generate BAR on G3 RMS based of rate code.
- Using Agile Rate products user can create multiple products based on Rate codes and define different adjustments for different types of products.
- Additionally there was no way to sell room rates based of Day to Arrival or room types with some packages.
- Now we can start using food revenue and total revenue for unqualified business through Agile Products[Still to be developed]

AGILE RATES | WHAT IS AGILE RATES?

- It is also called multiple priceable product.
- G3 RMS is required to price products beyond the unqualified BAR product. There are many applications for this capability across a wide variety of hotels to price a wide variety of products, for examples:
- Loyalty Rates
- Advanced Purchase Rates (Fenced)
- Promotional Rates
- Packages
- All Inclusive/Per Person Rates

PER PERSON PRICING
