G3 – How to check recent jobs for the property?

- Go to Support> Jobs
- Hit the filter/Funnel icon (right next to actions menu)
- Select the chain>client code >property
- Select **all** statuses from the status menu.
- Select a suitable start and end date. If you're looking for latest information – seek to know dates that are close to days where you want to discover information. for example T-2 or T-1 if you're investigating date not current type of issues.

The screenshot shows the SAS Monitoring Dashboard with the 'Jobs' tab selected. The interface includes a top navigation bar with 'Support' highlighted. The main area has a left sidebar with 'Actions' and a filter icon. The main content area shows search filters for Client Name, Client Code, Property Code, and Property Name. Below these are status filters, system modes, and a date range selector. The 'Apply' button is highlighted at the bottom right.
