4. Multiple property External Escalation (Numbers should be in thousands).

For any extract, processing, or decision upload that requires the client’s intervention and the number of properties impacted is in thousands, open a support ticket specifically with Hilton Tech.

To Open a Support Ticket with Hilton Tech Production Support

To open a support ticket specifically with Hilton Tech please follow this process going forward:

- fill in the attached Excel file with as much detail as possible
- save the file with the submission date in the file name
- email the file to the list of email addresses below

Once received, GRO Support will open the Support Ticket with Hilton Tech directly within the Hilton support system and will escalate by sharing the case # internally.
