How to check or view or verify a property site status in the IDEaS G3 application for a given property

1. Login to the appropriate Site URL (for Hilton Prod 1 and Others – ESA/GA to Prod 2)
2. Go to installation (1) ➤ property tab (2) ➤ Select appropriate chain(3) ➤ Property name OR code (per the sfdc case)(4) and click **Search** – this should look like below

Notice the last step is the returned result (5) in the screenshot above that illustrates the ‘current’ system mode of the property
