Recommended Floor Ceiling Job failure – Steps to follow

If you see **Recommended Floor Ceiling Job** is failing, then follow below steps:

1. Abandon the job (So that BDE / CDP jobs will not be stuck).
2. Go to CMT and search for save query with name: **Count of Transactions – for base Room Types – for Straight bar Market Segment**
3. Enter Today's date – yyyy-mm-dd as input
4. It gives number of transactions for each count of transactions for only base RT and each MS (see screenshot below).

	COUNT	Mkt_Seg_Code	Accom_Type_Code
TPANH - Hilton Garden Inn Tampa North	1500	BAR	D2RRC1
TPANH - Hilton Garden Inn Tampa North	80556	BAR	K1
TPANH - Hilton Garden Inn Tampa North	108	CONS	D2RRC1
TPANH - Hilton Garden Inn Tampa North	10992	CONS	K1

5. If for any MS-BaseRT combination is missing or find less transaction (say count less than 10), which means it is valid failure.
6. If step 4 is not VALID or you see enough transaction (More than 10 for all combination), then kindly contact @Rohan Darekar / Team Aryabhata.

Note: Do not raise in SoS channel. You can ping Team Aryabhata for more details.
